K-SENSOR

K-SENSOR, 6 spaces Camera Sensor and LPR with RGB indicator,

Code: G10201.

Specifications

DC power supply

Consumption	5 W
Nominal voltage	PoE 48 Vdc

Environmental characteristics

Protection class	IP50
Relative humidity (without condensation)	10 ... 90 %
Operating temperature	-20 ... +60 °C

Mechanical characteristics

Envelope	Self-extinguishing PC

Communication Network

Connection mode	PoE
Technology / Interface	1 x10/100M self-adaptive Ethernet port

Detection

Technology	Cámara

Electrical characteristics

Sensor	Two 1/2.8 inch 4MP CMOS

User interface

LED	7-colour RGB LED: red, yellow, blue, green, cyan, white, pink

K-SENSOR

CODE	TYPE
G10201.	K-SENSOR
G10202.	K-SENSOR-1c
