PK-SWITCH 16P

PK-SWITCH 16P, 16-port 10/100 Mbps switch.,

Code: G50303.

Specifications

AC power supply

Consumption	6W
Frequency	50 ... 60 Hz
Nominal voltage	100 ... 240 V~

Environmental characteristics

Relative humidity (without condensation)	5 ... 90 %
Operating temperature	0 ... +40 °C

Mechanical characteristics

Thermal management	Fanless operation

Communication Network

Technology / Interface	16 × 10/100 Mbps Ethernet ports

Memory

Memory capacity	4 Mbits per device

FYC

CODE	TYPE
G50301.	FYC-HUB8POE
G50302.	PK-SWITCH 8P
G50303.	PK-SWITCH 16P
G50304.	FYC-SWITCH_GIGABIT_24P
