

# CBC96 300V

CBC96 300V, Voltmeter

Code: M14843.

- > Scale: 90° , P1
- > Accuracy: 1,5
- > Measurement Range (V): 300
- > Modules: 96x96

## Specifications

### AC power supply

|                 |            |
|-----------------|------------|
| Consumption     | 2,5 VA     |
| Frequency       | 40...90 Hz |
| Nominal voltage | 230 Vca    |

### Mechanical characteristics

|                                  |                     |
|----------------------------------|---------------------|
| Size (mm) width x height x depth | 96 x 96 x 85.3 (mm) |
| Weight (kg)                      | 0,435               |

### Environmental characteristics

|                       |                                         |
|-----------------------|-----------------------------------------|
| Protection class      | Panel: IP 52 (Front), IP 20 (Terminals) |
| Storage temperature   | -25...+70 °C                            |
| Operating temperature | +5 ... + 55 °C                          |

### Voltage measurement circuit

|                                       |            |
|---------------------------------------|------------|
| Consumption                           | 0,2 VA     |
| Sampling frequency                    | 45...65 Hz |
| Maximum permanent measurement voltage | 1,2 Vn     |

### Electrical characteristics

|                             |                                            |
|-----------------------------|--------------------------------------------|
| Insulation voltage, circuit | 2 kV a 50Hz < 1 min entre mecanismo y caja |
|-----------------------------|--------------------------------------------|

### Standards

|                                       |                                                                                          |
|---------------------------------------|------------------------------------------------------------------------------------------|
| Electrical safety, Maximum height (m) | 2000                                                                                     |
| Standards                             | IEC 51, IEC 1010, IEC 529, IEC 255, IEC 278, IEC 414, IEC 144, LLOYD'S (TEST. ESP. N° 1) |

### Measurement accuracy

|          |          |
|----------|----------|
| Accuracy | 1,5 % FE |
|----------|----------|
